TREK-Trunk - A multi-functional compartment for easily accessible storage. During travel, the raised Trek Room provides a colossal amount of basement storage for travel equipment, entertainment and patio items, adventure and tourism gear, and more.

EXTERIOR COLOR CHOICES:

Find your next “off-the-beaten-track”... and Trek it!

THE ALL-NEW 2016 TREK RETURNS – innovative, stylish, functional, and as uniquely-trendy as it has ever been, with a revived bed-lift feature that adds an all new twist for functionality. Before you hit the road, raise the queen-size bed to the ceiling to reveal a hidden, spacious walk-in closet, featuring a full wardrobe unit and two dressers which give you storage that you can only find in the largest of diesel-pushers.

The innovation doesn't stop there. When the bed is raised it creates a massive trunk space outside to travel with all of your campsite essentials. Load the open trunk with a fire pit, grill, table, chairs and more. When you reach your destination, unload your patio entertainment & adventure gear, and lower the bed/wardrobe when the sun goes down. Rejuvenate on top of a walk-around bed and prepare for life’s next big adventure. When it is time to return to the road, simply raise the bed, pack your gear and go.... It’s time.
Addendums

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this fully loaded motorhome. The GVWR is equal to or greater than the sum of the (UVW) unloaded vehicle weight plus the (OCCC) occupant cargo-carrying capacity.

2. GAWR (Gross Axle Weight Rating) is the maximum permissible loaded weight a specific axle is designed to carry.

3. GCWR (Gross Combined Weight Rating) is the value specified by the motorhome manufacturer as the maximum allowable loaded weight of this motorhome with its towed vehicle. Towing and braking capacities may be different. Refer to Fleetwood and chassis manufacturer’s manuals for complete information.

4. Length measured from front bumper to rear bumper (excludes accessories).

5. Excludes safety equipment and awnings.

6. Motorhomes feature a body width over 96” which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.

7. Tank manufacturer’s listed water capacity (WC). Actual propane capacity is 80% of water listing as required by the safety code.

8. **OPT. 186 DRIVER/Passenger Pedestal Table**

9. **OPT. 198 Jackknife Sofa**
